**Terms of Reference (Individual Consultant)**

Expertise **urban, infrastructure, climate financing**      Consultant Source **International**  
 Expertise Group **Project Management/ Institutional Development**      TOR Keywords

**Objective and Purpose of the Assignment**

The Creating Investable Cities TA is a cross-thematic and multi-sectoral One ADB initiative led by the PPP Thematic Group Secretariat. CIC leverages ADB’s resources, knowledge, and partnerships to help DMC partner cities to increase their technical, financial, and managerial capacity to develop quality municipal infrastructure, improve their ability for local resource mobilization, and enhance their competitiveness and resilience post-COVID-19. The Program relies on the use of frameworks and tools to improve infrastructure planning and investment at the municipal level. ADB has launched the CIC in August 2022.

ADB is looking to engage a seasoned consultant in the role of Urban Development and Climate Resilience Expert ("Consultant") with sufficient experience, to guide on specific areas related to planning Quality infrastructure, climate resilience, competitiveness, urban reforms, and other related components under CIC.

**Scope of Work**

The Consultant will help across various elements related to frameworks and tools, and capacity development programs. More specifically, focused guidance would be sought on the competitiveness and resilience toolkit, the mitigation and adaptation tools.

**Detailed Tasks and/or Expected Output**

1. Draft outline of a knowledge product on upscaling private and climate finance at the subnational level.
2. Review of Competitiveness, Urban Development and Circular Economy sections of the Resilience Toolkit.
3. Integration of findings from other recent ADB work on city frameworks for climate finance into CIC

**Minimum Qualification Requirements**

- The Consultant shall have
- o Extensive experience in infrastructure and urban sectors, various subjects related to climate, resilience, sustainability and has proven experience in infrastructure planning and delivery.
  - o Master’s Degree in urban sector, finance, management, or equivalent.
  - o Worked for government, multi-lateral agencies or leading consulting firms.

Minimum General Experience **15 Years**  
 Minimum Specific Experience (relevant to assignment) **15 Years**  
 Regional/Country Experience  **Required**    **Desired**    **Not Required**
